

# Cinderella

- 2 Yes Rapunzel! It feels so good to do things for myself.
- 7 Oh, come on! Who needs to sleep when you're in the world of fashion?
- 11 That's right! We're all doing things our own way.
- 38 You can see us?
- 50 A brand-new adventure... with the best of old and new? I love it!
- 81 Oh! I didn't expect to see anyone way out here. Are you... a climber?
- 83 That's amazing. I know how you feel. I'm Cinderella. I used to rely on a fairy godmother for everything, but now I'm training for a marathon! No magic, no glass slippers, just me and my legs.
- 85 Exactly! I've kept these pieces of the slipper, though. They remind me of how far I've come. Also, they are quite useful. They catch the light like little mirrors.
- 88 We're on our own quests, actually. But thanks for the offer?
- 92 We'll keep that in mind. Good luck, Prince!
- 127 This wind feels... alive. It's almost like it's aware of us.
- 162 I can help us keep up a good pace. No stopping until we're at the top!
- 177 Together, just like we planned.
- 191 To help others find their strength!
- 206 Did you say something, Witch?
- 208 We did it! Together, like true friends.
- 220 Or a breakfast cereal!
- 237 I could see it catching on. You'd make sleep stylish.
