

## Puss in boots

- 15 Don't worry Ladies! I'll have us all trending in no time. (snaps a selfie)  
They will all remember Puss in Boots and his... modern friends.
- 0 Ah, the Witch has a sense of humor! Maybe you're not as scary as everyone  
says.
- 43 Yes, we are bringing some style back to the classics.
- 51 With my flair, of course, it will be perfect.
- 94 Ah, a fellow gentleman on a noble quest, yes?
- 96 Well, that simply won't do! It sounds like you need a more daring  
adventure to prove your bravery?
- 98 Ah... No! But I do know of a very dangerous task. (pointing) Go and  
fetch the mystical pinecone that glows under moonlight. Only the bravest  
can survive the journey.
- 101 Oh, nothing much, ladies. Just helping a poor, lost prince with... finding  
his true purpose.
- 104 Trickery? Moi? I merely aim to help him feel useful.
- 106 Very noble! A shame you won't need my services, but, best of luck.
- 108 Oh, lighten up. I'm just having a bit of fun. And besides, that prince  
needs something to do.
- 110 Alright, alright, I'll stop. You are as scary as they say!
- 131 Or we could stir up a few adventures before the climb! What's a journey  
without some thrill?
- 148 And what awaits us at the top? A trick or an endless fish buffet?
- 172 (snapping selfies) This is legendary! A hero's journey with every wobble  
captured online!
- 183 Not to worry! With my dust, this potion will sparkle with the charm of a  
thousand heroes!
- 196 To be a hero in my own right!
- 215 Worry not, my noble but perplexed friend! I, Puss in Boots, shall  
guide you to your true calling! It's time for a superhero makeover!
- 217 How about "Sir Save a lot"?
- 230 I think the world could use a few more clever twins, don't you? Adds to  
the intrigue!
- 244 Ah, but every tale needs a little trouble. It's what makes the story  
sparkle, no?
